An internship is a professional learning experience that offers meaningful, practical work related to a student's field of study or career interest. An internship gives a student the opportunity for career exploration and development, and to learn new skills. It offers the employer the opportunity to bring new ideas and energy into the workplace, develop talent and potentially build a pipeline for future full-time employees. In this aspect, the Institute of Information Technology, Jahangirnagar University, and seven industry partners have taken their first step in the endeavor to create an "Industry-Academia partnership". Here both parties are declaring their intention to create an innovative education ecosystem in IIT-JU by exchanging expertise and student internship. Moreover, this collaborative industry-academia also aims to combine IIT-JU expertise with industries to build a joint research group that will create an open forum for all students of JU.

Hon'ble Vice-Chancellor of JU, Professor Dr. Farzana Islam precedes the program on the occasion of 12th anniversary of the IIT-JU establishment. IIT-JU organized a "Meet the Industry leaders" program on that occasion, where Ariful Islam Opu, CEO, e-soft, and ex. Director of BASIS, Kaicom solutions Chairman and CEO Anjan das, President of Datasoft ltd M Manjur Mahmud, Mir Monuwar Iqbal, Founder & CEO, Pridesys IT, Ershadul Hoque, Founder & CEO, Riseup Labs, Raisul Kabir, Founder & CEO, Brain Station 23, Md. Saddam Hossain, DGM, Synesis IT were present to share their views and express industry needs.
